

March 17, 2020

Dear Parents,

Here are a few updates/reminders from PGJr:

- Teachers have prepared lessons for online instructions and can be accessed using Canvas. Many students are familiar with using Canvas but for those who aren't, there is a link to instructions on our school website (pleasantgrove.alpineschools.org).
- For students who don't have a computer available at home, you can come to the school and check one out on Wednesday (March 18). Please see our school website (pleasantgrove.alpineschools.org) for an UPDATED check-out form that includes an online form option, and more information on the times.
- Office staff will be at school this week to help answer questions. Our building will be open from 8:00-2:00 this week. Students may come in and pick up and drop off items but teachers won't be available.
- Alpine School District Nutrition Services will provide meals for all students at each school even though schools are not open. Meals will be "grab and go" during the following hours, beginning March 16:
 - Breakfast between 8-9 AM
 - Lunch between 11 - Noon
 - The normal process will be used for meals. Students will be charged through their lunch account unless they qualify for free and reduced lunch.
- Teacher Appreciation has been postponed until later this year.
- Our Media Center will be open Tuesdays and Thursdays from 9:00-11:00. You may check out books and utilize our internet if you need.
- Due to the request for limited contact, counselors may be reached via email. We will be checking our emails regularly throughout the day and will get back to you within 24 hours. We are also available for video conferencing if you would like to speak directly with a counselor.
- Also on our website is a letter from Alpine School District (Third slider at the top of our school website, pleasantgrove.alpineschools.org) concerning the health and well being of your student.

We will continue to update you as things progress.

Thank you!

Mr. Dalley
