

Pleasant Grove Junior High TSSA Plan

At Pleasant Grove Junior High our TSSA (Teacher and Student Success Act) goals are

- Overall Goal—2% increase in the number of 9th grade students who finish the year on track to graduate from High School
- Student Specific Goal--10% increase in the number of our English Language Learning (ELL) students who pass the WIDA test.
- Emotional Wellness Goal—2% increase in number of students who report a feeling of belonging.

At Pleasant Grove Junior High we are using our TSSA (Teacher and Student Success Act) money to fund more class sections which will result in class size reduction, and to hire aides to better support our student population.
